FULL TIME 5000 WATTS DAY – 1000 WATTS NIGHT ● 980 KC

November 15th,1980

Ernest J.Wesolowski
1416 Pasadena Avenue
Omaha,Nebraska 68107

Dear Ernest this is a reply to your note of reception of K D S J on November 12th. K D S J has been on the air since July 2nd,1947 and we are one of the older station in this area. You asked how many towers we used on the night time pattern, we have two towers with the signal going east and west.
